

RAN BY THE SIGNAL CAUSING A WRECK

RECKLESS ENGINEER SACRIFICES HUMAN LIFE.

A Flying Express Train Telescopes a Local Near Boston—One Man Killed, Two Fatally Hurt and Many Injured—Some Other Disasters On the Railroad.

Boston, Mass., Oct. 25.—In a rear-end collision at Hyde Park, eight miles from Boston, on the Providence division of the Consolidated road, last night, a brakeman was killed, two passengers fatally injured and nineteen others seriously hurt. The New London express, on time, running at a speed of fifty miles an hour on a down grade, came in collision with the rear end of the Dedham local passenger train, telescoping a combination and a passenger car in which were about 100 persons. The rear brakeman was so badly crushed that he died in an hour, and two passengers, one a woman, were dug out from the burning debris and removed to the Massachusetts general hospital in a dying condition.

Among the passengers who were within four feet of death and who escaped from the wreck through car windows were J. Montgomery Sears, the wealthiest man in New England, whose holdings aggregate \$700,000, and Congressman Elijah A. Morse, of Canton. The property loss to the railroad company will exceed \$50,000 and the accident loss through injuries will without doubt be close on \$500,000.

The list of dead and injured is as follows:

G. M. Austin, brakeman.
The injured:
Mrs. William Ross, of Cambridge, fatally injured internally.
Congressman Elijah A. Morse, of Canton, both hands and arms badly cut.
A. W. Bragg, Roxbury, injured about head.

Miss Ella Donovan, Boston, chest injured.

J. F. Maguire, Roxbury, injured about head.

Mrs. J. F. Maguire, injured about head.

Mrs. Mary Barnes, Malden, injured internally.

Mrs. J. Burns, Hyde Park, injured about head.

Mrs. Gannon, Cambridge, internal injuries.

Thomas J. Burke, Norfolk station, injured about head.

William Esler, Charlestown, injured about head.

William B. Hoyt, Roxbury, internal injuries.

Roscoe Rines, Roxbury, internal injuries.

The accident was due to a combination of circumstances, but the engineer of the express is held responsible. The Dedham local was due at Hyde Park station at 5:21, and was seventeen minutes late, being delayed several minutes by the slowness of a wedding party in boarding the cars at Dedham. The train had just pulled on to the main line track at Hyde Park when the express crashed into it. The engineer of the express had paid no heed to the danger block signals and as his train came under the bridge he discovered too late to avert a collision that the local was ahead of him. The automatic brakes failed to work and the regular brakes did not bring the train to a stop until the locomotive had crashed through the rear car of the local and caused the telescoping of the car ahead.

A wrecking train with General Superintendent Allen on board was at the scene within half an hour. All the physicians in Hyde Park, Dedham and Milton were summoned by telephone and the police department at Boston notified.

Fatal Wreck in Iowa.
Des Moines, Iowa, Oct. 25.—The Ruthven express on the Rock Island railroad ran into a switch engine standing on a side-track at Valley Junction, five miles west of Des Moines, last night at 6 o'clock, and was wrecked. The dead: MRS. MARY HILLHOUSE, aged 70; a resident of Burlington, Iowa.

The injured:
Arthur English, brakeman; skull fractured.
Lee Gibson, newsboy; bruised.
The engineer of the train did not judge correctly the situation of the switch engine on the side-track. The train was coming into Des Moines from Ruthven.

Report of a Vandalia Wreck.
Terre Haute, Ind., Oct. 25.—It is reported that the Vandalia west-bound fast mail was wrecked near Effingham.

Liabilities Exceed Assets.
Fort Scott, Kan., Oct. 25.—The official report of Attorney General Dawes on the condition of the state bank, which was wrecked by Cashier J. R. Colean, shows the liabilities to be \$109,536 and the assets \$93,482. It is now learned that about \$25,000 or \$30,000 of the missing cash was taken by Colean within a few days before his confession, and it is believed he has secreted this amount. He claims to have lost it all, but will give no explanation.

Many Passengers Injured.
Kansas City, Mo., Oct. 25.—A passenger train on the Kansas City, St. Joe and Council Bluffs road was wrecked in an open switch at Waldron last night. Four coaches left the track. A dozen passengers were painfully injured. None will die.

MULCT LAW DENOUNCED.

Iowa Baptists Pass an Important Temperance Resolution.

Burlington, Iowa, Oct. 25.—The Iowa Baptist state convention yesterday held a most interesting session, with the largest attendance of any day so far, and large delegations are arriving on every train for the session today, which will be conducted by the younger members largely. Waterloo, Iowa, was selected as the next place for holding the annual convention. Milton Remley, Iowa City, was elected president. At 2 o'clock the Rev. George Brewer led a devotional service. The committee on resolutions presented several, one of which was that the age of consent be changed to 18 years, and also that protection be extended equally to boy and girl. The following resolution was adopted:

"Resolved, That we believe the mulct law to be iniquitous in that it is a license law in fact and bears a lie on its face. And that it is an entering wedge of the liquor men to full power in the state of Iowa and that we demand its repeal." The resolution was adopted with loud and prolonged cheers, which left no doubt as to the temper of the members of the convention.

ARGUMENTS BEGIN.

Prosecution in the Durrant Case Asks a Verdict of Guilty.

San Francisco, Cal., Oct. 25.—Assistant District Attorney Peixotto yesterday made the opening argument for the prosecution in the trial of Durrant. He closed by asking the jury to uphold the laws of the state by returning a verdict of guilty, and fixing the penalty at death. Durrant sat stolid and indifferent in his usual place beside his attorneys, surrounded by his father, mother and a number of friends. Durrant betrayed no emotion or feeling, even when accused of murders that were compared with the crimes of Jack the Ripper in the Whitechapel district of London. When Mr. Peixotto closed his argument at 3:30 o'clock General Dickinson, for the defense, asked for a continuance until Monday, in order that Attorney Deuprey, who is ill, might make the opening argument for the defense. District Attorney Barnes objected to the delay, and as the court was opposed to granting a continuance the motion was denied.

Second Attempt at a Holdup.

Kalamazoo, Mich., Oct. 25.—A second attempt was made Tuesday night to hold up a Grand Rapids & Indiana train. The attempt this time was made on the train which leaves Grand Rapids at 11:30, arriving in this city about 1 a. m. As the train passed through Cooper unknown men opened fire on it, smashing the headlight and sending bullets flying through the cab. The engineer kept his engine working and the attempt failed. The attack was made near the spot where the attempt of a few weeks ago was made.

Fire Loss at Albany, N. Y.

Albany, N. Y., Oct. 25.—The probable death of J. C. Griffin, assistant chief of the fire department, and a loss of \$200,000 are the results of a fire which totally destroyed the immense store and stock of B. Stark & Co., fancy goods and millinery establishment, 13 South Pearl street, this city, last night, and which gutted the business houses occupied by Florist Fyre, Kilip & Hinman, gents' furnishings, and Rancour's barber shop.

Omaha Defaulter in Jail.

Omaha, Neb., Oct. 25.—Jerome K. Coulter, formerly deputy city treasurer, who is accused of having appropriated \$31,500 of the city funds, arrived from New Orleans yesterday in charge of Chief of Detectives Cox. He was immediately taken to the police station, where he was lodged in jail. His bail was fixed at \$25,000. Coulter was arrested in New Orleans ten days ago.

Death of an Eminent Catholic Divine.

Montreal, Oct. 25.—Mgr. O'Brien, the distinguished Roman Catholic prelate orator and author, died suddenly yesterday afternoon at St. Patrick's Presbytery in this city. Mgr. O'Brien, who was a member of the Papal Council, had been intrusted with several important missions from the Vatican to America.

Texas Town Scoured.

Dallas, Tex., Oct. 25.—Fire destroyed more than \$100,000 worth of property in the best business part of McKinney, the county seat of Collin county. Among the losses are: Dowell & Fields, hardware, \$30,000; Wilcox lumber yards, \$25,000, and McKinney livery and feed stables, \$5,000.

World's Railway Record Smashed.

Buffalo, N. Y., Oct. 25.—Railway records of the world were smashed yesterday by the Lake Shore and Michigan Southern railway. It ran a train from Chicago to Buffalo in 7 hours 50 minutes and 20 seconds, actual running time at the rate of sixty-four and eight-tenths miles an hour.

Realizes the Danger.

Berlin, Oct. 25.—Baron von Hammerstein, Prussian minister of agriculture, at a banquet at Rathor said that the imperial government is deliberating how to meet the serious danger arising from the fall in the price of silver. His remarks, however, were somewhat obscure, and it is believed can scarcely be interpreted as favoring measures looking to bimetallicism.

TO PRESERVE PEACE IS ENGLAND'S AIM

GREAT BRITAIN'S SUGGESTION TO AMERICA.

An Alliance On the Monroe Doctrine Is Said to Be Desired By Great Britain A South American Opinion On the Subject Is That America Must Act.

London, Oct. 25.—A special dispatch from Shanghai says that a Russian squadron of fifteen ships has left Vladivostok for Chemulpo and Fusan. The Japanese fleet in Formosa waters, it is also stated, has been recalled, and it has been announced on excellent authority that several British war ships have been ordered to sail for Corea.

It is stated at Shanghai that Japan's reply to the demand of Russia that the former evacuate Corea is couched in pacific but firm language, and protest against dictation by Russia in Corean affairs.

It is regarded at Shanghai as certain that Russia will permanently occupy Fusan. The Shanghai dispatch also says that the situation of affairs is most grave and that preparations for the expected struggle are visible on all sides, but it is hoped that a solution of the difficulty will be found in Russia and Japan agreeing to divide Corea.

THE TIMES IS ALARMED.

Strong Editorial on the Situation in the East.

London, Oct. 25.—In an editorial, commenting upon its dispatch from Hong Kong, the Times says: "The startling news from Hong Kong cannot be disregarded, even, as is too probable, though it be followed by an official denial. Russia cannot possibly imagine that the great powers will view with indifference such a destruction of the balance of power, which is almost unparalleled in its audacity. Russian statesmen are so well aware of the magnitude of the changes involved that it is impossible that they should execute them unless they have definitely resolved to abandon the cautious and pacific policy of the last reign, and plunge into vast and dangerous activities. To say nothing of Japan, England, and Germany, even France, in spite of her complaisance, could scarcely fail to perceive that her friendship had been exploited with unexpected thoroughness."

China Favors Russia.

Hong Kong, Oct. 25.—It is learned from a reliable source that by the recently concluded Russo-Chinese treaty Russia obtains rights to anchor her fleet at Port Arthur, and to construct and work under Russian administration railways from Nertchinsk and Tsitsihar to Vladivostok, and from Tsitsihar to Port Arthur, together with other commercial advantages to which the most favored nation clause is not applicable. But the Chinese reserve the options to purchase the railways twenty years hence at a price to be arranged hereafter.

Washington Diplomats Interested.

Washington, Oct. 25.—The cable reports that a Russian fleet of fifteen vessels is on its way to Corea attracted much attention among the diplomatic representatives of the far East to whom it was shown. It is regarded as presenting grave conditions if the facts are as reported. The movement of the Russian fleet toward points of strategic importance is watched with keen interest.

WILL BE HELD AT BOSTON.

Jubilee Anniversary of American Missionary Society in That City.

Detroit, Mich., Oct. 25.—The jubilee anniversary of the American Missionary association will be held in Boston in October, 1896. An act passed by the Florida legislature to prohibit the instruction of white and colored students by the same teachers and in the same buildings was strongly scored. It was decided to test the obnoxious law, and suit will be begun accordingly. The association desires to educate colored youth, but do not wish to debar whites from entering its schools if they can thereby become better educated than elsewhere in their localities. Merrill E. Gates, Massachusetts, was elected president, and other officers were chosen. Reports were made at the opening session by various missionaries and teachers engaged in work among the negroes, Chinese and Indians, and the association adopted strong resolutions condemning lynching.

Women's work was the principal topic in the afternoon's session, which was presided over by Miss D. E. Emerson of New York, secretary of the Women's bureau. A contribution of \$25,338 was her record of last year's financial assistance. Nearly 500 barrels of supplies were sent to needy districts the last year. President Gates made the closing address in the evening, after which the convention adjourned sine die.

Quay Is for Reel.

New York, Oct. 25.—Senator Quay said to a reporter yesterday that he would support Thomas B. Reed for president.

Runaway Accident Fatal

Weyauwega, Wis., [Special]—Edward Vincent, a local farmer was fatally injured in a runaway this morning.

Wisconsin Wants Her Money.

Madison, Wis., Oct. 25.—Attorney General Mylrea is at West Superior to interview the bondsmen of some of the Superior banks that went to the wall, in which there was deposited by the Peck administration some \$40,000 belonging to the state of Wisconsin. The Upham administration is after this money, and it is now proposed as a last resort to secure judgment against the bondsmen. The funds were deposited by Mr. Hunter, the state treasurer, in six West Superior banks which have since failed. The net loss is given to the press on official authority as in the neighborhood of \$40,000.

Wisconsin Legislator Suicides.

Shawano, Wis., Oct. 25.—Chris Bonnin, member of the assembly for Bonnin county, shot himself in the head with a revolver yesterday. He is fatally wounded, but was alive according to the last reports from Bouduel, where he lives. He was elected to the assembly in 1894 on the republican ticket. He came to the state in 1857 and moved to Shawano in 1880 from Outagamie county.

For a State Semi-Centennial.

Milwaukee, Wis., Oct. 25.—The board of directors of the Merchants and Manufacturers' association will hold a meeting early next week to discuss the question of the proposed state semi-centennial.

SAYS HE WILL RETIRE.

Corbett Leaves Hot Springs for New York—His Action Not Liked.

Hot Springs, Ark., Oct. 25.—Brady announced yesterday that Corbett and his party would take their departure for New York this afternoon on the 3 o'clock train and that Corbett will announce to the world his retirement from pugilism forever. This decision was arrived at in consequence of Julian having left the city without coming to any agreement as to who shall referee the contest and without giving any assurance that his \$10,000 stake would be posted in the hands of a responsible person. In view of the well known fact that Julian has said positively that Fitz would be in this city Oct. 30, ready and willing to fight Corbett, and that the \$10,000 stake would be posted in due time, Corbett's flight is here construed in the light of a "flake." It has been slowly dawning on the minds of the unprejudiced on-looker for three days past that there was more bluff and bluster under the surface on the Corbett side than a desire to bring off a meeting with Fitzsimmons. Julian says that upon his arrival here with Fitzsimmons, if Corbett is not in the city, they will follow him. If he is in San Francisco they will go to San Francisco, and wherever they find him they will either make him fight or crawl out of it in a more definite way.

Reformed Church in Session.

Abilene, Kan., Oct. 25.—The synod of the interior of the Reformed Church of America, including the states of Kansas, Missouri, Illinois, Nebraska, Iowa, and Colorado, is in session here in fifth annual convention. All states are represented by ministerial and lay delegates, and the session promises to be an interesting and profitable one. Reports from the classes of each state were taken up and officially acted upon, this work occupying the day.

Ohio Masons Adjourn.

Springfield, Ohio, Oct. 25.—The Grand Lodge Free and Accepted Masons adjourned last night after electing officers. William B. Mellish, Cincinnati, was elected grand master. A new code of laws was completed and adopted, embracing 478 decisions, covering all the time the grand lodge has been in existence. Grand Master Mellish says it is the most important piece of legislation for years.

Railway Men Armed.

Grand Rapids, Mich., Oct. 25.—All the messengers in the employ of the American Express company have been furnished an outfit of Winchester and revolvers to resist any train robbers. The company also advises its men to become proficient in rifle and revolver practice, and hints that in the near future prizes will be awarded to the most proficient marksmen.

UNITARIANS FINISH.

Last Day of the Big Conference at Washington.

Washington, Oct. 25.—The closing day's proceedings of the national conference of Unitarian and other Christian churches yesterday were the most important and interesting of the convention. Addresses were delivered by a number of leading clergymen and prominent laymen. A resolution of sympathy with the Armenians was adopted. The annual election of officers resulted in the re-election of United States Senator Hoar of Massachusetts as president, the Rev. F. D. Moorehouse of New York general secretary and William Howell Reed of Boston treasurer. The old council was re-elected and all committees on fellowship were re-elected with the exception of the Rev. W. I. Chaffin of North Easton, Mass., of the New England states committee, Edward A. Horton being elected his successor. The afternoon session was devoted to a review of Unitarian principles as related to social problems. A number of the delegates participated in the discussion of the subject, led by the Rev. Joseph H. Crooker of Helena, Mont., and the Rev. Paul Revere Frothingham of New Bedford, Mass. The officers of the alliance held a public reception at the Arlington hotel late in the afternoon. The closing session, a platform meeting, was held at night. The outlook of unitarianism was the theme. Addresses were made by the Rev. Minot J. Savage of Boston, Horace G. Wadlin of Reading, Mass., and J. H. Rhodes of New York city. The conference was then adjourned sine die.

A GREAT WAR SCARE OVER IN EUROPE

RUSSIA AND JAPAN MOVING WAR FLEETS.

The Conflict Can Only Be Avoided by the Partition of Corea and the Mikado Will Not Yield the Point—The London Times Is Alarmed—China Favors Russia.

Washington, Oct. 25.—Great Britain has made a suggestion to this country to form an alliance for the enforcement of the Monroe doctrine jointly against other nations, the preservation of peace and stability of government in South and Central America and to compel a proper respect of international law and comity by these smaller republics, English right, interest and power to be equal to that of the United States. Great Britain also suggests that the two countries join in the construction of the Nicaraguan canal. It is not known that any reply has been sent yet.

A South American Opinion.

Lima, Peru, Oct. 25.—A leading article in the Comercio says that if the United States are to retain their prestige they must make their influence impressive in the question at issue between England and Venezuela. If the United States remain inactive and suffer a blockade of Venezuela, England may not yet be triumphant. The result would possibly be nothing more than that England would retain the Guiana coast only as much as the guns of her ships could cover.

EX-SENATOR VAN WYCK DEAD.

Nebraska Legislator Passes Away at Washington Thursday.

Washington, Oct. 25.—Ex-United States Senator Charles H. Van Wyck of Nebraska died at 4:30 o'clock yesterday afternoon in his apartments at the Portland flats. He was stricken with apoplexy Monday afternoon and his condition since has been very critical. He showed slight improvement Wednesday morning, but at night steadily grew worse and since then his death has been momentarily expected. The remains, accompanied by the members of the family here, will be taken tonight to Milford, Pa., where they will be interred in the family burial grounds Saturday afternoon. Funeral services will be held in the Presbyterian church at Milford at 4 o'clock, and will be conducted by the Rev. Dr. Nichols. There will be no services here.

ARE SHADOWING WARD.

Memphis Abconder Being Shadowed by a Pinkerton Detective.

Puerto Cortez, Honduras, Oct. 25.—A. K. Ward, alias Albert W. Kenneth, the forger and embezzler, who absconded from Memphis, Tenn., with a shortage of \$300,000, arrived at Puerto Cortez on the Royal Mail line steamer Breakwater from New Orleans Wednesday morning. Ward is accompanied by his wife. A Pinkerton detective boarded Breakwater at Port Livingston, Guatemala, and is now shadowing Ward. The authorities at Tegucigalpa have been notified of the arrival of Ward and the nature of his crime, accompanied by a request for his extradition. No reply has been received from the government.

Turkish Revolutionists Drowned.

Constantinople, Oct. 25.—The fifty young Turks who were arrested on Saturday on a charge of excesses during the recent Armenian riots, after a trial, were conveyed by night aboard a Turkish man-of-war, whose boats took them into the swiftest current and dropped them overboard. These measures have entirely broken the spirit of the Turkish revolutionists.

Coal Miners Against Operators.

Terre Haute, Ind., Oct. 25.—The officers of the United Mine workers are trying to prevent the operators in the Clinton district resuming operations with non-union labor. The operators are offering \$1.80 a day instead of 60 cents a ton, the state scale price, and will not recognize the organization. President Purcell says he will endeavor to cripple the operators by having a boycott declared on their coal by workmen in the factories where it is used. Secretary Kennedy has issued an address to miners to keep away from Clinton.

Quay Favors an Early Convention.

New York, Oct. 25.—The conference of republican leaders continued at Holland House until an early hour yesterday, though the discussions were largely informal. Senator Quay said that he favored an early convention. The national committee's meeting in Washington on Dec. 10, it is said, have much to do toward directing the policy of the republicans to be pursued at Washington this winter on the tariff schedules. The general sentiment was to the effect that wool and mineral ores must be protected.

Unable to Do Campaign Work.

Lincoln, Neb., Oct. 25.—The republican state central committee lately requested Senator Thurston to make a few speeches during the pending campaign but has received a telegram from San Diego, saying that while the Senator was improving slowly it was impossible for him to undertake any campaign work. He hopes for a complete restoration of health by the time congress meets and will return to vote.

THIS DAY IN HISTORY

1415—Battle of Agincourt; Henry V of England won a famous victory.

1647—Evangelista Torricelli, inventor of the barometer, died in Florence; born 1598. Torricelli discovered the law which regulates the flowing of water from the orifice of a vessel. About the same time he wrote a treatise on "Motion." Galileo invited the philosopher to Florence, where he became professor of mathematics by appointment of Grand Duke Ferdinand. He discovered the barometer in 1643 by means of a glass tube filled with mercury, open at one end and closed at the other. The open end was inserted in a quantity of mercury to record the atmospheric pressure.

1800—General Henry Knox, Washington's secretary of war, died at Thomaston, Me.; born 1750.

1894—Commander William E. Hopkins, U. S. N., retired, died in San Francisco; born 1822.

RAISE GOOD HORSES

Can horse breeding be made a profitable industry by the average Rock county farmer?

The best answer we can make to this question is to quote from the New York Herald a report of the auction sale made in New York October 8 and 9, by W. D. Grand & Company, of trotting bred carriage and road horses. The first lot of six sold, brought the remarkable average of \$1,750. In this lot one of a pair that brought \$2,250 was sired by a son of Clay Pilot and was recently purchased in Wisconsin. In the next lot was a pair that sold for \$1,900. One of this team was sired by the Wisconsin horse Athlete, and was purchased near here but a few weeks ago for \$170. Another pair that sold for \$1,550 were sired by a Janesville horse, H. D. McKinney's Wilkes, and sold in Chicago at a moderate price a year ago. The 153 horses sold at prices which made the remarkable average of \$355. The average size of the horses was under fifteen hands and three inches and their ages ranged from four to nine. These horses were not sold for their qualities of speed as much as for their qualities of action, graceful carriage and handsome conformation.

In answer to the question, Can our farmers produce such a class of horses? we can readily say most certainly; and for the reason that in the one quoted Rock and adjoining counties were handsomely represented. Every farmer in this section knows that really good horses such as the market buyers demand are very scarce and when found a liberal price is readily obtained. It is for this reason that we are not surprised to notice in a Boston paper of recent date that good road and carriage horses are in demand at excellent prices.

No branch of farming can be more profitable for years to come than each breeding season a limited number of colts that will when matured, stand 15½ to 16 hands high. A well posted dealer declares that "toppy, well-made horses of the old Morgan type—15½ to 15½ hands—are about the best sellers in the eastern markets and for export sale." But farmers must remember that age do not come from thistles. They must secure good brood mares, use judgment in the selection of sires, and in due time a satisfactory and profitable harvest will be theirs.

STRIKES THAT FAILED.

An almost unbroken succession of failures are reported in Labor Commissioner Carroll Wright's strike statistics. Those who believe in strikes as an aid to labor will have their faith shaken after looking over the document.

Brooklyn has had as many strikes as any city during the last six years, the period covered by Commissioner Wright's work and may be taken as a fair example. Since 1889 there have been strikes in 1317 Brooklyn establishments throwing out of employment \$1,768 workmen. The amount of wages lost was \$914,045 and employers suffered to the extent of \$532,780, these figures being exclusive of the great street railway strike, which entailed a loss of millions. Only two strikes were successful, those of the boot and shoe makers and the coat makers for the recognition of their unions. Among those who failed, some of them after a struggle of six months, were the machine operators, furnace molders, dock laborers furriers, compositors, pressmen, stereotypers and stone yard men.

One of the democratic claims most often repeated was that the low tariff would "open the markets of the world" to us. Official democratic figures show that the claim has been reversed. For the first nine months of this year we sent abroad just \$18,687,432 worth of stuff less than

we did for the same period in 1894, under the McKinley tariff.

It seems that Senator Chandler had no idea Mr. Cleveland would use his authority to interfere with the formation of a three billion dollar railroad trust by his friends, but he wrote him explaining the matter in order that he could not hereafter plead ignorance as an excuse for not having stopped the deal before it was consummated.

How big the Tammany frauds in New York have been, is shown by the discovery of 47,000 bogus names on the registry list. Such padding made it easy to elect democratic presidents in close years.

Certain political green goods men are engaged in trying to make one Roswell P. Flower believe that if he will put up the price, in advance, he can become a presidential possibility.

The public ought to be heartily sick of reading about "the next move in the fight." There seems to be after all much more moving than fighting.

Nine women out of ten have refused to register in Massachusetts but no such number have turned their back on the bicycle and the bloomer.

Every day or two England jollies Mr. Cleveland a little and then takes a firmer grip on Venezuela.

Gorman beaten by his own party, will be the best thing Maryland has ever seen.

BURT IS PARDONED BY THE GOVERNOR

MAN WHO STOLE A HORSE SET FREE.

Crime Was Committed Some Fourteen Years Ago—Habeas Corpus Proceedings in Frank Nelson's Case—Tully & Lyle Did Not Commit Burglary at Beloit.

Edwin J. Burt, the Rockford man who was sent to state prison for a year for stealing a horse from the farmer for whom he worked at Clinton, has been pardoned by Governor Upham. The horse was stolen fourteen years ago. His family paid for the horse, and for a decade he lived in Rockford and occupied a responsible position with A. L. Bartlett. He held the confidence and trust of his employer and was respected by all who knew him. His life had been entirely changed and he could not have lived in a more exemplary style. Rockford people thought his arrest and prosecution seemed almost a persecution in the light of these facts, and the restoration of Burt's liberty meets the approval of everyone at that city.

Are Trying to Free Nelson.

An effort is being made to effect the release of Frank Nelson on a writ of habeas corpus. Nelson is the man who was arrested, tried and convicted of selling liquor without a license at Evansville some time ago. The case was tried before Justice W. R. Phillips. From the verdict in that court, the defendant appealed to the municipal court and has since been in jail here. Now his attorney, William Smith, has applied for a writ of habeas corpus before Court Commissioner E. F. Carpenter. The allegation is that the entries in the justice docket are illegal, they not having been made within the proper time limit. The state claims that this allegation can be disproved, and the proceedings shown to be in due form. The matter will come before Commissioner Carpenter tomorrow. District Attorney Jackson will appear for the state, and William Smith for Nelson.

The matter of Nelson's appeal to the municipal court came before Judge Phelps this morning and by consent of the parties the case was adjourned until October 29. In the mean time Nelson is still in jail.

Alleged Burglars Cleared.

District Attorney Jackson was busy all day yesterday at Beloit where he went to conduct the examination of Tully and Lyle, two Line City men who were charged with burglary. When the district attorney got at the facts, however, he learned that the case was not one of burglary, as the doors to the building the men were alleged to have robbed, were wide open and they simply walked in. Accordingly he changed the complaint from burglary to larceny and both men pleaded guilty. Upon that plea Justice J. R. Booth before whom the case was brought, sentenced them to pay a fine of \$5 and costs each which they did and were discharged.

Chief Abelson furnished a wooden legged tramp transportation out of town today.

A ten year old boy complained to the police today that a woman he had done an errand for wouldn't settle.

Charles Phillips, who broke jail here some time ago and hadn't been seen since, passed through Janesville with Sheriff Hollister, of Elkhorn. Phillips was on his way to Waupun to serve eighteen months for forgery.

FIRE LADS WATCHED A HOUSE BURN DOWN

FRANK SADLER'S RESIDENCE DESTROYED THIS MORNING.

Lack of Water Prevented Any Effort to Save It—Building Owned by Mayor Baines—Mrs. Sadler Escaped On a Ladder—Sadler's Loss On Contents Covered by Insurance.

Frank Sadler rescued his wife from their burning home by means of a ladder this morning. Half an hour later the residence was in ruins.

Mayor Frank S. Baines owned the building, and his loss, will be in the neighborhood of \$1,000. Mr. Baines was out of town today, and it is not known whether he had any insurance or not.

Mr. Sadler's loss on furniture, etc., was covered by a policy of \$800.

Mr. and Mrs. Sadler and his parents, Mr. and Mrs. William Sadler, lived on the "River road," a continuation of Bluff street, just this side of the F. O. Robertson place. Mr. Sadler went to the barn to attend to his chores a little before 7 o'clock, and on returning saw smoke coming from the chimney. Hastening into the house, he found the room so full of smoke that it was almost stifling. He rushed up stairs to awaken his wife, but the smoke got so thick that he could not return by way of the stairway.

Ladder Brought Into Play

Then a ladder was brought into play, and Mr. and Mrs. Sadler reached the ground in safety. In the meantime a message had been sent to J. W. Hodgdon's coal yard, near the gas house and an alarm telephoned to the East side fire station. The station box—28—was pulled and the department started out expecting to find a fire near the gas house. When they arrived at the Sadler house, they found the building all afire, and all they could do was to watch it burn. The nearest hydrant was three quarters of a mile away, and the nearest water from which the engine could work was at the causeway leading to the People's Ice house. The river bank was too marshy to admit of the use of the big machine. Under the circumstances nothing could be done. The furniture, etc., in the first story was nearly all saved, but the goods on the second floor were all destroyed with the exception of a trunk that Mr. Sadler tossed from the window before he came down the ladder.

UNIVERSITY TROUBLES UNSETTLED

Students Not Yet Reinstated by the Faculty at Madison.

According to dispatches the military hubbub at the state university still keeps up. The faculty has taken no action to reinstate the three sophomores who were in the class rush that swept all drilling freshmen off the campus, and the entire student body is greatly excited. The faculty meets Monday and will be confronted by a monster petition in the interest of leniency. The twenty-eight sophomore officers in the university battalion aver that they will resign unless their fellows are restored to their classes. Colonel Chenoweth, the regular "commandant," declines to talk for publication, but a rumor prevails that he has resigned in disgust, and asked the secretary of war to order his return to the regular service.

A NEW DYSPEPSIA CURE.

Over 6,000 People in State of Michigan Cured in 1894 by this New Preparation.

Stuart's Dyspepsia Tablets, the new discovery for stomach troubles, is claimed to have cured over 6,000 people in the state of Michigan alone in 1894. These tablets have become so popular with physicians and people who have any form of indigestion that they have the endorsement of such physicians as Dr. Harlandson and Dr. Jennison as being the safest, most reliable remedy for sour stomach, chronic dyspepsia, gas, bloating, palpitation, headache, constipation, and in all cases where the appetite is poor or the food imperfectly digested.

It is safe to say that Stuart's Dyspepsia Tablets will cure any kind of stomach trouble except cancer of the stomach. They are not a secret patent medicine but composed of vegetable and fruit essences, pure pepsin, Golden Seal, ginger and the digestive acids. They are pleasant to take, can be carried in the pocket, and they cure because they digest the food promptly before it has time to ferment and poison the blood.

Druggists everywhere sell Stuart's Dyspepsia Tablets, full sized packages, at 50 Cents. A book on Stomach diseases and thousands of testimonials sent free by addressing The Stuart Co., Marshall, Mich.

NEW GATES SET IN MONTEREY RACE

WATER NOW MEASURED TO TO EACH OWNER.

Commissioner Ruger Makes His Assessments On a Valuation of \$86,444 for the 5974 Square Inches—Measurement at the Wheels Held to be Impracticable.

All the changes in the Monterey water power have been made and the gates will open tonight. The changes were those outlined in Commissioner Edward Ruger's report to Judge Bennett. Commissioner Ruger recommended the measuring of all water to mills through orifices of fixed length but with movable gates at the top. With these gates and a system of float gauges the amount of water each mill was drawing under any head could be accurately determined. The proposition to take the measurements at the several mill wheels was rejected as impracticable.

The water at Monterey aggregates 9574 square inches drawn under a four-foot head and is divided among four owners—the Woolen mills, the Cotton mills, the H. A. Doty Co. and the C. & N. W. Its valuations as fixed by the commissioners, aggregates \$86,444.

A permanent water mark, three inches below the crest of the dam, was set by Commissioner Ruger, and the water is not to be drawn below this under any consideration except in making repairs.

THE BEST OF ALL

IN ALL THINGS AT ALL TIMES.

There are many GOOD life insurance companies, but among them all there must be one BEST. THE BEST is THE EQUITABLE. If you wish to know why, send for: 1, the report of the Superintendent of Insurance for the State of New York on the examination of The Equitable; 2, for actual results of maturing policies; 3, for statement of death claims paid in 1894. Then you will know the three great reasons of The Equitable's supremacy: 1st its financial stability; 2d, its great profits and advantages to living policy-holders; 3d, the promptness of its payments and liberality of its settlements.

Claiming Everything.
Jagwell—What makes that hen in your back yard cackle so loud?
Wigway—O, they've just laid a corner stone across the street, and she's trying to make the neighbors think she did it.—Tit-Bits.

Time to Get Ready.
She—Must you go so soon, darling? It is only ten o'clock, and father won't object if you stay until twelve.
He—True, my own. But that only gives me two hours in which to say good-night.—Bay City Chat.

A Reflection.
"This parting gives me pain," said the bald headed man, as he looked sadly in the mirror at the wide expanse of shining pate between his ear tips.—Brooklyn Eagle.

Which Side Was He On.
A wealthy young lawyer spent two days and nights over one case, and at the end of that time could not tell which side he was on. It was a case of champagne.—N. Y. Journal.

Wordy Wars.
"The telephone war is on again," observed the judge.
"Pooh!" replied the mayor, "that's only a war of words."—Pittsburgh Chronicle Telegraph.

Qualified Praise.
Mrs. Wabash—How did the Smith and Johnson wedding come off?
Mrs. Parke Jackson—Oh, they did very well for amateurs.—Cincinnati Enquirer.

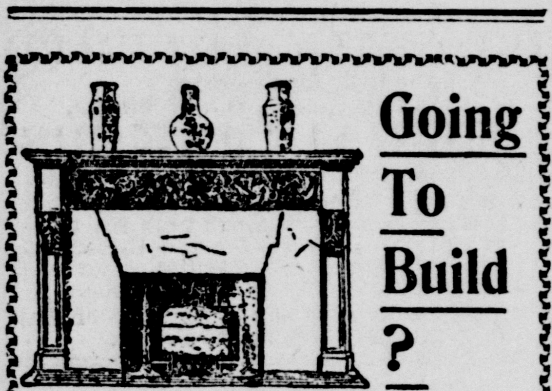

Fame.
Amy—I read a delightful novel of Italian life the other day.
Gertrude—Who was the author?
Amy—Really, I forgot to look at the title-page.—N. Y. World.

Waukesha Keeley Institute.

20 Acres of Lawns, Groves and Drives.
Finest in the country. The only genuine Keeley Institute in Wisconsin for the cure of the liquor and drug habits, are at Waukesha and Alpen.
All others are IMITATIONS.
Physicians were instructed by Dr. Leslie E. Keeley and the medicine prepared by him.
Parties intending to undergo treatment are cordially invited to inspect the institutions, and for circulars.
A. W. ROBINSON, State Mgr.,
P. O. Box 796, Waukesha, Wis.

Not necessary.
Mamma—Your pen-wiper has not been used at all.
Jack—Don't need it. My new pants are black.—To Date.

Satisfaction!

In buying Winter Wraps in this store---we always show so many more garments than the others and they are so different in make-up; ours have a style all their own. We are just a little in advance of the rest when it comes to doing a cloak business.

The past few days have been lively ones in this department. The reasons are many; look over the other lines in town, then come to cloak headquarters and you will know them.

TRUSTWORTHY FURS--

UNDER A BAN.

Clarence—I was never so insulted in my life. That old pawty came along and hung his coat right on me nose. Wilber—Why don't you thrash him? Clarence—Caw'n't, dear boy. He's me tailor, and I have to let him do these little things if he don't dun me.—Leslie's Weekly.

Had a Good Reason.

Tailor—Why don't you pay this bill? Customer—How much is your bill? Tailor—Thirteen dollars. Customer—Great Caesar, man, that's unlucky! I can't pay it.—Detroit Free Press.

Getting the Run of Trade.

Grocer—George! New Clerk—Yes, sir. Grocer—You needn't bother to assure Mrs. Billum of the purity of our goods—she keeps a boarding house!—Chicago Record.

Another Deal.

Traveler—I say, miss, there's no meat in this sandwich. Waitress—No? Traveler—Don't you think you'd better give that pack another shuffle and let me draw again?—Pearson's Weekly.

The Right Sort.

Friend—Were you successful with your first case? The Doctor—Yes; his widow paid the bill.—Pick-Me-Up.

The Point at Issue.

She—No man is good enough for me. He—I know that, but am I bad enough?—Life.

It is a truth in medicine that the smallest dose that performs a cure is the best. De Witt's Little Early Risers are the smallest pills, will perform a cure, and are the best. C. D. Stevens.

Mozart.

Mozart had a memory for music and for nothing else. On attending the papal mass at the Sistine chapel he was greatly impressed with the musical service and asked for a copy, but was told none could be given him, as the music was not allowed to go out. He went to the next service, listened attentively, went away and wrote down the whole from memory. When "Don Giovanni" was first performed, there was not time to copy a part for the harpsichord, so Mozart conducted the entire opera, about three hours long, and played a harpsichord accompaniment to the songs and choruses without a note of music to assist his memory.

There are many good reasons why you should use One Minute Cough Cure. There are no reasons why you should not, if in need of help. The only harmless remedy that produces immediate results. C. D. Stevens.

Took It for Health's Sake.

Bored—Will you kindly give me another cup of coffee, Mrs. Landlaid? Mrs. L.—This makes the fourth cup you have had, Mr. Bored. Bored—I know it. The doctor says I must drink plenty of hot water.—Bay City Chat.

No Wonder.

"You seem very uncomfortable," said Mrs. Cayenne. "I am exceedingly uncomfortable. I have something on my mind." "Ah! Then it's no wonder."—Washington Star.

It's just as easy to try One Minute Cough Cure as anything else. It's easier to cure a severe cough or cold with it. Let your next purchase for a cough be One Minute Cough Cure. Better medicine; better results; better try it. C. D. Stevens.

Pious Indians.

The history of Canada, especially its earlier history, preserves the story of many a deed of heroism and devotion on the part of Christian missionaries who worked and perished among the Indians, but there are few stories which reflect so much credit on Indian piety as that published from Quebec. Montagnais and Eskimos came from the northern shore of Hudson strait to worship in the province of Quebec. This involved a tramp on foot of 1,000 miles through an inhospitable country, through forests, across rivers, mountains and lakes, to render a duty they owed to their religion.—Boston Transcript.

China's Name in Chinese.

China and the Chinese know nothing of the names given to them by the English speaking world. The ancient name of China is Tien-Hia. When the present dynasty began its reign, then the whole country was called Ta-Tsing-Kwuh. Chung-Kwuh was the name given to that part known to Americans and English as the Middle Kingdom.

A. G. Bartley of Magic, Pa., writes: "I feel it a duty of mine to inform you and the public that DeWitt's Witch Hazel Salve cured me of a very bad case of eczema. It also cured my boy of a running sore on his leg." C. D. Stevens.

The Baby is Cutting Teeth and use that old and well-tried remedy, Dr. Williams' Smoothing Salve for children. It soothes the child, softens the gums, relieves all pain, cures whooping cough, and is the best remedy for diarrhoea. Twenty-five cents a bottle.

And Had No Returns.

"Odd about that killing of Smedley, wasn't it?" "I hadn't heard." "Yes; took a \$5,000 policy only last week and yesterday was shot and killed." "Well, some fellows were born lucky—I've been paying premiums for twenty-five years!"—Chicago Record.

No Children.

"Bumpley seems wonderfully well satisfied with himself." "Yes. There's nothing you can mention that he doesn't think he knows all about." "Well, I suppose you can't blame him. He has no children old enough to ask questions and take the conceit out of him."—Washington Star.

Jealousy in Gown.

Mrs. Mulgrew—I see Mrs. O'Flannigan has a new hood. Mrs. O'Dooley—Yes; the poor thing needed somethin' o' the kind to cover up the bald spots on her head.—Brooklyn Eagle.

Best is Cheapest.

Every one admits this theoretically, and yet many continue to use inferior articles because they think they save a few cents.

A GREAT BOOK FREE.

When Dr. R. V. Pierce, of Buffalo, N. Y., published the first edition of his great work, "The People's Common Sense Medical Adviser," he announced that after 680,000 copies had been sold at the regular price, \$1.50 per copy, the profit on which would repay him for the great amount of labor and money expended in producing it, he would distribute the next half million free. As this number of copies has already been sold, he is now giving away, absolutely free, 500,000 copies of this most complete, interesting and valuable common sense medical work ever published—the recipient only being required to mail to him, at above address, twenty-one (21) one-cent stamps to cover cost of mailing only, and the book will be sent post-paid. It is a veritable medical library, complete in one volume. Contains 1,008 pages, profusely illustrated. The First Edition is precisely the same as that sold at \$1.50 except only that the books are in strong manilla paper covers instead of cloth. Send now before all are given away.
